Specialist cleaning solutions

For almost a decade we have been delivering comprehensive and reliable solutions for cleaning buildings, both inside and out, using the latest and most effective cleaning systems. From deep cleaning entrance matting with our specially developed MATADOR™ technology to 'reach & wash' cleaning of building facades, overhead machinery, glazed areas and restoration of internal and external hard flooring areas. We have the expertise and knowledge to comply with all health and safety requirements and environmental obligations.

This brochure gives an overview of the services we offer. There are many more applications for the range of cleaning systems we have - so please contact us to discuss your requirements. We are confident that whatever the nature of your business, our cleaning systems offer a solution that will make a real difference to your business.

Our services:

- Specialist entrance mat deaning
- Carpet cleaning
- Window deaning
- Hygienic deans
- Diamond polishing
- Vinyl strip & seal
- Building cleans
- Ceiling cleans
- Graffiti removal

For all around your building

Building exteriors

- Curtain walling & cladding
- Glazing
- Car parks
- Petrol filling station (PFS) forecourts
- Fascias & guttering
- Shelters & canopies
- Paving
- Brick & stone

We can dean just about any surface to remove dirt, chewing gum, oil spills and graffiti.

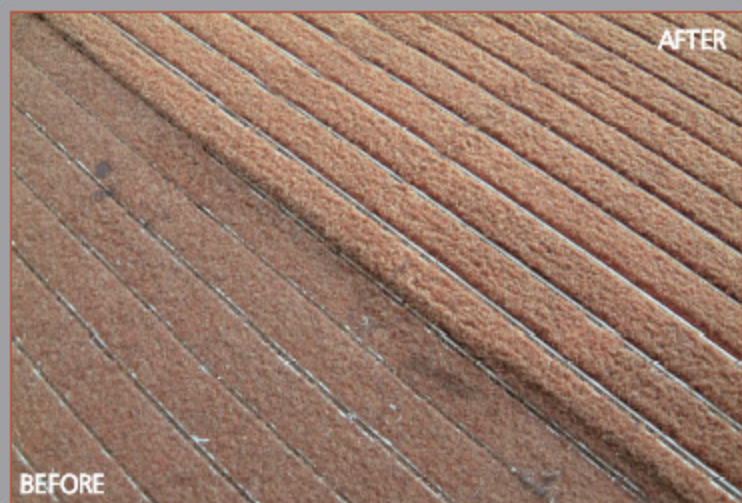

Building interiors

- Entrance matting
- Carpets
- Glazing including high level atriums
- Ceiling tiles
- Food preparation areas
- Walls and floors
- Kitchens

We remove dirt and soiling using environmentally friendly products that routine cleaning does not touch. Our approach is to ensure that no matter how extensive the cleaning that is needed in your building, we will keep disruption to an absolute minimum. Health, safety and the environment is our priority in all of our activities.

Every surface of every building

- Supermarkets
- Shopping centres & retail parks
- Automotive showrooms and forecourts
- Stations – Underground, rail, bus & coach
- Airports
- Car parks
- Hospitals
- Leisure centres
- Residential buildings
- Secure accommodation
- Hotels
- Distribution centres including chilled & cold storage facilities
- Warehouses/factories
- Office accommodation
